WASTE AND RECYCLING GUIDE

COMMERCIAL

AB341

Beginning July 1, 2012, Assembly Bill 341 [AB341] requires all businesses in California that generate 4 or more cubic yards of waste per week to recycle.

Businesses may also donate, sell and/or self-haul materials to a recycling facility.

Information about California's business recycling requirements is available from the California Department of Resources Recycling and Recovery at calrecycle.ca.gov/climate/recycling.

Avalon Environmental Services is here to assist your business in meeting the new recycling requirement.

RECYCLING

Your business may generate a significant amount of cardboard. Avalon Environmental Services will provide you with a recycle bin and service based on the amount of material you generate. We offer waste audits for businesses seeking to improve their current recycling and waste programs. An Avalon Environmental Services Recycling Specialist will evaluate your waste stream from the inside out to achieve the most successful recycling program possible.

To schedule an appointment for a waste audit, please call Customer Service.

TEMPORARY COLLECTIONS

Larger waste collection containers [from 3 yards to 30 yards] are available for clean-up projects and other disposal needs. For pricing details or to arrange for a delivery to your residence or business, please call Customer Service at [310] 510-0675.

BULKY ITEMS

Items that cannot properly fit in your bin, such as a chair or desk, are considered bulky items and require a special pick up. Electronic waste [e-waste] is anything with a circuit board or battery, such as computers, telephones and copiers. White goods [e. g. refrigerators, freezers] and electronic waste cannot be disposed of in your bin. Avalon Environmental Services will collect and properly dispose of and recycle these items. For more information, please call customer service department.

HAZARDOUS WASTE

Hazardous wastes are products that are flammable, corrosive, reactive or toxic. They are dangerous to the public and the environment. It is illegal to dispose of hazardous wastes in your containers. Hazardous wastes must be disposed of properly. You may deliver your home generated HHW to our collection center at no charge. The facility is located across the street from the sewage treatment plant in Roaring Canyon on the way to the dump.

COMMERCIAL BIN DIMENSIONS

2 YARD 44.00" h x 78.00" w x 48.25" d

3 YARD 49.75" h x 78.00" w x 55.25" d
